

Transfer to and from Venice Lido: everything you need to know

How to get there

Venice Lido is around 40 minutes from Santa Lucia train station and the Tronchetto car park, and 50 minutes from Venice's Marco Polo airport.

Transfers both to and from Venice Lido (on September 26 and 27 respectively) will be provided by the NPL Meeting organizing committee, which has established pick-up points at the following locations:

- outside Santa Lucia train station;
- at the entrance to the Tronchetto car park;
- at the arrival area of Marco Polo airport.

NPL Meeting staff, easily recognizable by their distinctive clothing, will be available to help all participants reach Venice Lido via boats laid on exclusively for the event.

We recommend that guests attending or leading workshops on September 26 arrive in Venice Lido on time, at 1:30pm CET, in order to complete the registration process, which will be valid for both days. There are trains from Milan and flights from London arriving at about 12pm in Venice.

Water transfers to and from Venice Lido (Palazzo del Cinema)

Venice Lido is situated 40 minutes by boat from Venezia Santa Lucia train station and the Tronchetto parking area, and around 50 minutes from the Venice airport "Marco Polo di Tessera". Banca IFIS has organized return transfers from these three points for the outward journey to Venice Lido (September 26) and return (September 27).

NPL Meeting staff, easily recognizable by their clothing and signs, will be available to help you outside Venezia Santa Lucia train station, at the entrance to the Tronchetto parking lot and at the arrivals point at Marco Polo Tessera airport. The boats that will carry out the service will have a sign indicating that they are exclusively in service for the Banca IFIS NPL Meeting.

Land transfers for hotels, Palazzo del Cinema, Hotel Excelsior

To reach your hotels on the Lido, the Palazzo del Cinema and the Excelsior hotel for the workshops, the run, the buffet dinner and the conference, land transfers following a circular route have been organized (itinerary attached). To use this service, you should go to the ACTV stop (public service) nearest to your hotel/nearest to you. The shuttles that will perform this service will be ACTV buses with a sign specifying Banca IFIS NPL Meeting service, and will leave from Santa Maria Elisabetta, the mooring point for public water buses. They will then cover all the points of the Lido where there are hotels or locations dedicated to the NPL Meeting activity. This service can also be used by participants taking part in the run and in the buffet dinner (informal dress code).

Attention: if you don't stay at Venice Lido for the night, to go back to your hotel after the dinner you will have to autonomously use the public transport or water taxis from Santa Maria Elisabetta terminal.
